Subject: Request to borrow exhibition pieces

To whom it may concern,

Hello. Please accept my apologies for contacting you out of the blue.
My name is Ms. Misumi from Nanbokusha, Inc. in Japan where I'm engaged in PR and other activities.

I'm reaching out to inquire about borrowing a historical map in your museum's collection. Currently, there are plans to renovate the museum in Japan highlighting the Keicho Diplomatic Mission that was sent overseas by Masamune Date, and we would like to exhibit the historical map at your museum in the exhibition room that will be newly created.

Requested historical map: Puerto de Acapulco en el Reino de la Nueva España en el Mar del Sur

MID: 47_20150706-120000:109

Exhibit Location: Exhibition room at the Sant Juan Bautista Museum (Watanoha Aza Omori 30-2, Ishinomaki City, Miyagi Prefecture 986-2135)

URL: <https://www.santjuan.or.jp>

Utilization Method: Panel exhibit

Project Name: The Sant Juan Bautista Museum Renovation Project

Please refer to the pamphlet for information on the Sant Juan Bautista Museum.

The historical map we hope to borrow is specified in the attached document and we would like to be provided with digital images by September 15, 2023.

This renovation project aims to familiarize many people with the history of the international exchange carried out by Masamune Date and Tsunenaga Hasekura.

The images will be exhibited under the supervision of a historian in Japan, and the exhibition will not harm the public perception of your museum or the pieces in any way.

Thank you for your assistance. I look forward to hearing from you.

Best Regards,

Keiko MISUMI (Ms.)
